HUD Protesters Pack Council Meet

Leading the council to call a public hearing on controls of the sale of beer and wine, Bob Collins Monday night pointed out that a two week delay means little to an issue as permanent as the sale of alcoholic beverages. He said the

question before the council is not wet or dry but controls. Also shown is Louise Sherrill. (Staff photo by Mike Newman).

City Calls Hearings on Project, Restrictions of Beer-Wine Sales

By PAM TROBOY

The evening started out big with more than 100 people crowding into a room designed for 70, but the City Council was left with only four spectators (two reporters, one staff member and one citizen) by agenda's end Monday night.

The crowd was present to urge the council to hold a public hearing to rezone two apartment tracts for retail uses to thwart a proposed Department of Housing and Urban Development project.

Council members agreed unanimously to call the meeting for Dec. 1, but refused to move it to a larger meeting place. Plano Area Concerned Citizen President Jerry Hoagland urged the council to find a facility large enough to seat the anticipated crowd, but council members preferred to remain at city hall where audio equipment is already set up.

The council also called a special public hearing on controls of beer and wine sales. The Dec. 2 session will hear comments and testimony from residents, although some council members believe the result will be no different from a proposed police power ordinance tentatively approved last month.

Bob Collins requested the hearing because he said the council had previously agreed to such a meeting at a joint work session with the Planning and Zoning Commission.

Council members also agreed in principle to sell an unspecified parcel of park property to the Parks and Recreation Association. The Parks and Recreation Board will meet again to determine an appropriate site.

In other park matters, the council agreed to purchase 80 acres on Carpenter Road and east of Custer Road for \$565,000. The city will take 10 years to pay Kerry and Susan Fox for the property.

The council also agreed to sell \$33,200 in Certificates of Obligation to finance renovations to the Parks and Recreation Building, bought \$7,500 in small plant materials from Royal Oaks Nursery, purchased 32 trees from Green Acres for \$4,800, contracted for 1,650 yards of ballfield clay at \$3.50 per yard from Danny Espinosa and bought a 12 passenger van for \$7,592 from Carter Chevrolet.

Procedures and policies for the new Municipal Tennis Center were also approved. The center will operate seven days a week except during inclement weather and three holidays (Thanksgiving, Christmas and New Year's Day).

Plano residents will be charged one dollar before 6 p.m. (under 17 will pay 75 cents) and \$1.25 after 6 p.m. and on holidays and weekends. Non-residents will be charged \$2 at all times.

Annual passes will also be available at the following rates: family, \$75; adult, \$50; and youth, 17 and under, \$25. Provision has also been made for prorated passes.

After public hearings, the council zoned 4.2 acres on the southwest corner of SH 121 and Custer Road for agriculture pending annexation, approved a special use permit for a day care center on the northeast corner of Alma Drive and Mossvine Drive, zoned 37.9 acres on White Rock Road to SF-3 residential pending annexation and denied office zoning on 2.3 acres on the northwest corner of Townbluff Drive and Parker Road.

Also denied were the final plat of Town West II (until an appropriate plan for maintaining a cul de sac as a green area can be approved), a temporary building permit for Jessie Hall (the structure will be made permanent by the applicant) and a request for a portable building lot (until access and other site plan problems can be worked out).

Items gaining council approval were an amendment to the subdivision ordinance requiring developers to pay a portion of the cost of improving state highways adjacent to their property, a temporary building permit for the flocking of Christmas trees at 1518 Avenue E, the site plan and final plat of CenCor II, the final plat of McCollum II, the final plat of Town West I and the land study of Wimbledon Square. The latter shows a collector exiting on the north side of Parker Road as requested earlier by the council.

Council members also agreed to limit the investigation of companies willing to collect retail solid waste in the city to Moore Industrial Disposal and Plano Disposal; appropriated \$3,045 (the school district will pay a like amount) for school crossing guards at Spring Creek-Ranier, Jupiter-Laurel, 19th-N and Parkhaven-Independence; banned parking on Alma Drive between Park Boulevard and FM 544; and one-wayed several streets around Hughton and Saigling Elementaries during the periods 7 a.m. to 9 a.m. and 2 p.m. to 4 p.m.

A school zone for Weatherford was also extended along Independence Parkway to about 150 feet north of Prairie Creek Drive.

In other action, the council received a report on proposed storm drainage design criteria, approved final payments on four projects, authorized oversize payments to two developers, and requested the staff to draft a landscaping ordinance within seven or eight months after consulting with Marvin Springer.

The council also appointed Robert Pope to the Planning and Zoning Commission and James Berry to the Citizens Traffic Safety Support Commission.

Oil Should Meet Needs For Winter

HOUSTON (UPI) — Barring extremely severe weather, the nation should have sufficient supplies of fuel oil this winter, according to the outgoing chairman of the American Petroleum Institute.

"We are probably in as good a shape as we can be," Maurice F. Granville, board chairman of Texaco, Inc., said Monday.

"The assessment is, unless we have a very severe winter, they don't expect any difficulties of special magnitude."

Granville and API President Frank N. Ikard appeared at a news conference on the first day of the oil lobby's annual meeting.

They criticized the Carter administration's proposed energy legislation.

"We feel very strongly there is a critical need for recognition of some kind of incentives to get ... the solution of this supply problem," Ikard said. "We'd be willing to try and consider anything."

Granville said the cost of energy in future years definitely would leave an impact on the country's economy.

The API reported before the meeting that oil imports accounted for 48.1 percent of domestic oil requirements the first 10 months of the year.

The figure was 7.7 percent above the same period in 1976. The import percentage compares with 29 percent in 1972, the last full year before the Arab oil embargo of 1973-74.

Robbery Nets Little Cash From Store

A grocery clerk was robbed at knife point this weekend.

The employee of the 7-11 Store at 2929 Custer Rd. said a white man in his late teens or early 20s took less than \$50 at about 12:55 a.m. Saturday.

The suspect, who wore a stocking over his head, threatened her with a large hunting knife, took the cash and fled on foot, she told police.

She described him as six foot, thin build, dirty blond hair with possibly a mustache. Police have no suspects in the robbery.

Shooting Incidents

County Lawmen Active

After a busy week of chasing down a robbery-kidnaping suspect, Collin County Sheriff's Department officers found themselves even busier during the weekend.

Within two hours Saturday night, deputies investigated or helped to investigate seven shooting incidents, an armed robbery and an automobile-pedestrian fatality.

At approximately 9:30 p.m., officers were called to the Body Shoppe Modeling Studio near Lewisville. It

was reported that a large green vehicle pulled into the parking lot of the studio and an occupant of the car fired 10 shots into an automobile owned by one of the studio models.

The gunman then shot three more times through a window of the studio. No injuries were reported.

The Body Shoppe was also the scene of the robbery-kidnaping earlier last week. County officers arrested William Louis Coppola, 33, of Sherman, for the alleged robbery of the studio and the aggravated kidnaping of 18-year old model Mary Wieringa. Sherman police also have charges of rape against the suspect.

Shortly after the shooting incident at the Body Shoppe, shots were fired into the windows of a Frisco battery factory. One hour later, five homeowners in McKinney reported that shots had also been fired into their houses.

Collin County Sheriff officials say they believe the shootings are connected but have not yet made any arrests.

Just before the shooting incidents occurred, county deputies were called to assist in the investigation of an armed robbery at a Frisco drive-in grocery store. Sheriff's Department Sgt. Glen Swanner said that two men allegedly robbed the store clerk of \$3,000.

As the officers were obtaining a report on the armed robbery, Suzanne

Edith Jones, 66, of Frisco, was struck and killed on Highway 720 in front of a local funeral home. County officers assisted Frisco police in the accident. No charges will be filed against the driver of the vehicle.

Commissioners Okay Recent Election Results

The results of the Nov. 8 constitutional amendment election were canvassed and finalized by the Collin County Commissioners Court at their regular meeting Monday morning.

According to tabulations made by County Clerk James Webb, 2,114 total votes were cast in the county with 630 Planoites voting in the statewide election.

Also at yesterday's meeting, administrator Pete Huey presented the financial statement and accounts payable for Collin Memorial Hospital. He claimed that October was the "biggest month ever" for patient

services but noted that the accounts payable category had increased 33 percent from last year.

Tax assessor-collector Helen Lawson was given permission to purchase a check protector, designed to protect the amounts of checks from being increased by thieves, for \$391. Mrs. Lawson pointed out that her office writes as many as 450 checks per month and has needed the check protector "for quite some time now."

Minutes from the court's last meeting and financial transactions from last week were also approved.

Demonstrations May Mar Visit by Shah

WASHINGTON (UPI) — Shah Mohammed Reza Pahlavi of Iran is meeting with President Carter today at the beginning of his state visit and the Secret Service and police are braced for possible confrontations between the visitor's supporters and critics.

The shah, bearing a long military shopping list and a hold-the-line offer on oil prices, arrived without incident at Patrick Henry airport in Newport News, Va., Monday afternoon.

But after being cheered by several hundred Iranian supporters on his arrival for an overnight stay at Colonial Williamsburg Inn, hundreds of Iranian student demonstrators chanted "down with the shah" outside the inn late into the night while hundreds more carried protest signs in Washington.

Descending on Williamsburg in vans bearing license plates from California, Texas, Illinois and New York among others, the protesters carried banners demanding "free all political prisoners," and declaring "The shah is a U.S. puppet, down with the shah."

But the shah seemed unimpressed. "I can't say that I'm disturbed," he said in an interview on the MacNeil-Lehrer Report televised by Public Broadcasting Service Monday night.

"You will find that they are mostly Marxists, anarchists wearing masks. I would be very much interested to see how many Iranians are behind those masks."

"Torture does not exist any more in my country," he said in reference to the demonstrators' claims that he murders and tortures opponents and violates the human rights of Iranian citizens.

The shah expected Carter to ask

him and other members of the Organization of Petroleum Exporting Countries to hold the line on oil price increases.

He will tell Carter, he said, "that I'm not going to push for anything but OPEC has 30 members and we are only one." He added Iran would not participate in any oil embargo.

The shah also was presenting Carter with a belated Bicentennial gift — a tapestry of George Washington so intricate it could not be completed in time for presentation last year.

Diplomatic sources said the shah hopes for assurances the United States will continue to provide Iran with expensive military equipment and train its armed forces in their use.

Fire Destroys Mobile Home On Monday

The mobile home of John R. Porter was heavily damaged by fire Monday.

Firefighters were called to 119 Fairwood at 11:19 a.m. Fire Marshal Bill Threet said the inside of the trailer was fully involved when the first piece of equipment arrived at 11:23 a.m.

Threet said the fire apparently began in the center bedroom and may have been caused by smoking in bed. No one was in the \$14,000 mobile home at the time the fire began.

Four pieces of equipment and 13 men responded to the fire call. The blaze was tapped out at noon and the last unit left the scene at 1:13 p.m.

Burglar's Cache Discovered

Some residents have a nice surprise in store. Police officers have recovered nine television sets, two guns and several other items taken in recent burglaries. Carlos Ray Williams, 21, of 1114 Avenue I was arrested Friday afternoon for the burglary of one residence. Williams has since been charged with 14 separate burglaries, some of

which occurred in Dallas and Richardson. Detectives are hoping that Williams' arrest will clear up other burglaries in the area. Property valued at about \$4,500 has already been recovered. Williams was given a five year probated sentence for burglary less than a year ago. (Staff photo by Mike Newman).

College Caters to Deaf Students

November 14-21 has been set aside as Deaf Focus Week. But Dallas Baptist College has been focusing in on the educational needs of the deaf all year-round for the past four years.

Dallas Baptist College was one of three four-year institutions of higher learning integrating deaf students into the regular academic program when it first began recruiting the deaf four years ago. The other two were in Washington, D.C. and California.

Since then, a number of colleges and universities have begun to open their

doors to deaf students. Eleven deaf students are enrolled at DBC this fall. Nine need interpreters to "sign" for them in classroom situations. The other two can speak clearly and read lips.

"Our largest problem is finding qualified interpreters," said Mrs. Jan Watson, on-campus coordinator for the deaf program.

Interpreters can seriously handicap a deaf student's education if he isn't properly skilled, she explained.

Presently, she is using four students and one

woman from the community to interpret in classes. More will be hired from the area in the future because "they tend to be more stable and are here longer than just four years."

To meet other needs of the deaf students outside the classroom, Dallas Baptist College has installed silent doorbells in several dorm rooms that flash a lightbulb when someone rings.

"There are several types of alarm clocks available for the students' use," said Mrs. Watson. "One is connected to some lights that flash when the alarm sounds."

Another vibrates the bed when it's time to get up.

"Most of the deaf students are majoring in fields that will enable them to work with other deaf people when they graduate," she said.

These majors include education, sociology and media. One male student is majoring in physical education.

"One of the most rewarding parts of my job is to see how the student body and faculty really take the time to care for our deaf students," said Mrs. Watson. "In the time that I've

worked with the deaf, I have never seen people more willing to open their minds and their hearts to these kids."

The deaf students participate in regular campus activities. Last spring, a group of deaf students won a tug-of-war contest in a day of athletic competition and one deaf girl plays on the girls' volleyball team.

An interpreter is available to sign for campus assemblies and other special events.

Faculty members, said Mrs. Watson, take extra time to go over assignments and tests with the deaf students and participate in

special tutoring sessions with them.

Tuition for the students attending Dallas Baptist College is provided by the Texas Rehabilitation Center. Additional financial aid comes from the two-million-member Baptist General Convention of Texas.

"We recruit our deaf students mostly by word of mouth," said Mrs. Watson. "Relatives and friends of our students tell others who might be interested."

"Also, we are one of only two Southern Baptist schools in this country with such a program. So, the word gets around Southern Baptist circles also."

Theatre Center's 'Door Play' Involves Family Atmosphere

You might consider the Dallas Theater Center's Down Center Stage a down-home enterprise through Nov. 19, last performance date for "Door Play."

That's because the playwright and the feminine lead are sisters, and their father is Paul Baker, founder and managing director of the Theater

Center.

Sallie Baker Laurie wrote "Door Play," a one-act, two-character drama which compresses low comedy, high tragedy and tense action into the lives of a husband and wife in a single room dominated by a door behind which threats and promises wait.

The Down Center Stage,

described as "way off-Broadway," features new plays by lesser-known playwrights in an intimate, 56-seat theater below the Theater Center's main level.

It has introduced such work as "Texas Trilogy," by Preston Jones, now a figure of national importance in the theater world.

After each Down Center Stage performance,

playgoers mingle with the playwright, the actors and theater personnel for informal discussion.

"Door Play" is the first of five shows scheduled for three-week runs (Tuesdays through Saturdays) during the Down Center Stage's fifteenth "season of great beginnings." Season tickets are \$15 each; a ticket for one performance costs \$4.

General to Speak At Scout Meeting

Dr. Richard R. Rubottom, Jr., chairman of Circle Ten Council's annual meeting, announces General George S. Brown, chairman of Joint Chiefs of Staff will be the principal speaker November

15 at 7p.m., at the Dallas Hilton Hotel.

Dr. Rubottom said that in General Brown's briefing on the defense of our country, he will relate how scouting affects its future.

Other items of business will include recognition of outstanding council scouters for work in making scouting program of citizenship training, leadership development and physical fitness available to all boys.

Officers for 1978 will be elected and installed following a report of the year's operation by John J. Casey, president of Circle Ten Council, Boy Scouts of America.

Assume you're 40 years old, in the 39% bracket, and able to invest \$1000.00 each year @ 7 3/4% compounded daily until you are 65—look how you profit.

You'd have **\$48,593.10** without a tax deferred savings account.

Your \$1000.00 pre-tax dollars are reduced by taxes to \$610.00 net annual investment.

You'd have **\$79,660.81** with a tax deferred savings account.

With the plan, no tax is payable until retirement, thus net annual investment is a full \$1000.00.

All interest in both examples is re-invested and compounded daily at the current annual rate of 7 3/4%.

If you have money questions—Metropolitan Savings has money answers.

If you are not now participating in a tax deferred retirement program, you need to talk to Metropolitan Savings about the IRA and Keogh programs. The IRA plan applies to people who are working and are not covered by a retirement program. The Keogh plan is for self-employed people who are not incorporated. For complete information, call Metropolitan Savings, 741-5101.

Your Birthday Nov. 16, 1977

PISCES (Feb. 20-March 20)

There are no shadings in the way you do things today. Certain affairs you'll manage with ease and excellence. In other areas, the opposite is true.

ARIES (March 21-April 19) It's most important today that you have the right people in your corner, if you get involved in something that you know little about.

TAURUS (April 20-May 20) Your chances for getting what you strive for today are only fair. You might have to step on too many toes in the process.

GEMINI (May 21-June 20) Take the responsibility for your errors today. Don't look for a scapegoat or try to rationalize them. Alibis won't make amends.

CANCER (June 21-July 22) There's a possibility today you could suffer a financial or material loss through an arrangement with another. Avoid unreliable types.

SAGITTARIUS (Nov. 23-Dec. 21) You could be in for some heated objections today from people who usually go along with your way of doing things. Meeting fire with fire isn't the answer.

CAPRICORN (Dec. 22-Jan. 19) Be security-conscious today. Don't leave valuables lying about to tempt the light-fingered.

AQUARIUS (Jan. 20-Feb. 19) Faux pas you make today will linger in the memory of others. Conduct yourself so as to leave potential detractors wordless.

POLLY'S POINTERS

Polly Cramer

Smoke stains are a problem

By Polly Cramer

POLLY'S PROBLEM

DEAR POLLY - I recently purchased a lovely home but the flagstone fireplace is stained with smoke, some apparently spilled liquor and seems greasy where someone probably roasted franks in the fireplace. I hope you or some of the readers of your fine column will tell me how to remove these stains without damaging the flagstones. - Mr. G.G., Jr.

DEAR MR. G.G., JR. - You really have problems. Some authorities suggest cleaning smoke stained stone fireplaces as follows. Add four ounces yellow laundry soap to enough hot water to make a quart of soft soap. Heat until soap dissolves, cool and then stir in one-half pound powdered pumice stone and one-half cup household ammonia. After mixing well use to scrub stones with a stiff brush. Use a clean brush to apply another coat and leave on about fifteen minutes, scrub off with brush and clean warm water. Rinse with more clear warm water. Test first just to be sure of effects on your particular stone. Perhaps this will also remove those various other spots. - POLLY.

DEAR POLLY - N.M.B. wrote how she stores her embroidery floss in pill containers so I want to tell the other readers how I keep mine in a small manual type book, about five by seven and a half inches, that has about 75 pages in it. Each color is kept on a separate page and different shades of that color on the adjoining pages. I store this book and its contents in a candy box in which I also put my embroidery needles with the needle most recently used stuck in the corner of the book. If the box is large enough embroidery hoops and scissors can also be stored in it so everything is quickly available when one wants to embroider. - HAZEL.

DEAR POLLY - When running bath water for my small daughter I always make sure I turn off the hot water first and then let enough cool water run to cool off the faucet. This prevents the chance of an accident should the child grab the faucet when moving about out of curiosity. This is for those tubs with adjoining faucets and for those with separate faucets I suggest keeping a small plastic cup of cold water to pour over the hot faucet. Most families with children have such cups in the bathroom anyway. A child's bath water should be cooler than that for an adult so that extra cup or so of cold water will not be really wasted as it goes into the bath water. - JEANETTA.

DEAR POLLY - I open up empty waxed cardboard milk cartons, fill them not quite full of water and then freeze. I usually have several on hand and use them to line the bottom of our cooler when it is used for a picnic or on the boat. This keeps the food nice and cool and such a block of ice lasts much longer than small ice cubes. - NANCY.

13-AAAA Roundup

Plano Vs. Lufkin
In Bi-District

Number 10 ranked Plano will represent District 13-AAAA in the state playoffs Friday at 8 p.m. in Waco's Baylor Stadium against 14-AAAA winner Lufkin.

Plano represents the loop with an 8-1-1 season record and 7-0-1 loop mark. Plano was actually co-champs of the district but they earned the representation rights in a 14-14 tie against Sherman in which they held a controversial statistical edge.

Lufkin advanced to the playoffs in a stunning 28-20 win over Longview, number four ranked, last Friday. Lufkin has a 9-1 season record.

It is a strange ending for the Sherman Bearcats. They have not lost a football game in their last 25 outings. Their last loss was to Plano six games deep in 1975. Their 1976-1977 record is 19-0-3.

Sherman finished the regular season as the district's highest scoring offense with 375 points. Plano had the best defense with 121 points allowed.

The worst defense, according to the stats, belonged to Paris, who allowed 322 points. The worst offense, according to stats, was owned by Richardson Pearce with 101 points scored.

The final district games last Friday had three surprises. Paris finished on a winning note over Richardson Berkner, 29-14, in an

upset. Sherman routed Richardson, 32-0, in a game that was expected to belong to Sherman but not in that many points. Lake Highlands edged Denison 12-7 to take fourth place honors in the district. In other action, Greenville slipped past Pearce, 41-12.

District 13-AAAA football will take on a new dimension next season. Highland Park will replace Paris.

That will make the district one of the top-ranked in the state. Based on this year's ratings, the loop will conceivably have three teams ranked in the top 10 when the season begins.

Plano, Sherman and Highland Park are all ranked among the state's elite this year.

Zenford Jones Leads The Way

Allen Eagles Look To Cage Defense

"I guess we'll finish among the top two teams in our district," said Allen Eagle Coach Gene Maples. Guessing is not even involved if you're looking for the 1977-78 District 12-AA basketball champion. Allen

won the title last year and have four returning letterman back with three of them being starters. All three starters were mentioned in the 12-AA All-District team.

First there's 6'6" Zenford Jones, last year's scoring leader with an 18.7 average points per game and a 17.1 rebounding average. Jones was the districts Most Valuable Player in 1976-77.

He was named to two All-tournament teams last year, and an even bigger honor of making honorable mention in the All-Greater Dallas team. Jones, a senior, made All-district team in his sophomore year also.

Senior Steve Marion, a three-year starter at 5'9" will be the ball handler for this year's Eagles. Marion made Honorable Mention honors last year as a junior. Returning as the Eagles best outside scoring threat will be senior Jeff Dugger. Dugger is 6'1" and averaged 9 points per game last year. Dugger was a unanimous first teamer on last year's All-District squad.

Rich Koepke, a 6' senior is the only other returning letterman from last year's 1976 team.

Joining Jones, Dugger, Marion and Koepke on the Eagles will be sophomore's Joe Rine, 6'5", Skipper Shipley, 6'1", and Jerry Coxsey, 6'. Junior's John Bladwin, 6'4", Wayne Tyres, 5'11" and 5'10" Darren Offutt will join with senior Mike Jones, 6'2" in helping mold this year's Allen basketball squad into district contention.

The Eagles were 11-1 last year in district play. The Eagles finished in a three way tie for first in the first half of district finishing 5-1, but won the second half outright with a record of 6-0. The Eagles then had a playoff game with Ferris, the first half winner, to determine the district 12-AA representative to the state class 2A basketball playoffs. The Eagles defeated Springtown in Bi-district, but

lost by 11 points, 37-26, to Bowie in the Regional playoffs.

Coach Maples feels the Eagles will be very strong in defense and rebounding. Last year the Eagles gave up an average of 42.9 points per game, while averaging 50 points. Allen's weakness' could prove a great deterrent to the Eagles' hopes of winning three district championships in a row. "We're really weak in ball-handling and shooting," said Coach Maples.

The Eagles will be coming at their opponents in a 1-3-1 zone defense. While on offense the Eagles will be running whatever is called for in the game. "It really depends on what the other teams run," said Coach Maples, "but since most of the teams in our district run

a zone defense, we'll probably run some type of zone offense."

This year's district should be much weaker this year than last, after all seven schools suffered greatly from graduation losses. "It also helps when a team like Crum is taken off your schedule," continued Maples. Crum, which participated in the state playoffs, played the Eagles three times last year.

The Eagles will be participating in three tournaments this year. The Frisco Tournament, Dec. 1, 2 and 3, Rockwall Dec. 15, 16 and 17 and the Farmersville Tournament Dec. 28, 29 and 30.

Allen begins their season this Friday in Rockwall against the Yellowjackets preceding the JV game at 6 p.m.

Cross Country

District Meet Thursday

District 13-AAAA will decide its cross country championships Thursday at Norbuck Park at White Rock Lake at 4 p.m.

Plano Coach Ron McNeill feels Plano has to be considered a top challenger for the overall team honors.

Richardson Pearce is favored in the meet.

"They have consistently posted the lowest times for an overall team this year," Coach McNeill said.

"In order, I would have to rate Richardson, Lake Highlands and Plano," Coach McNeill added. "It

should be real close between us, Richardson and Lake Highlands for the second and third places."

Only three of the nine district teams will advance to the region meet at the University of Texas at Arlington on Saturday, Dec. 3. That's why Coach McNeill figures it will be a real scrape between the top four teams listed above for those top three positions.

Norbuck Park has been used by most of the district's teams in meets previously held this season. Plano and Berkner have been there five teams each this year - most

recently Saturday in the North Mesquite Meet.

In that meet, Plano capped third place honors in the seven-team meet. Berkner was fourth while Dallas Roosevelt took the top position followed by runner-up North Mesquite.

Plano was paced by Rick Banks at 9:50.0. Banks was a state qualifier last year and placed fifth in the district last year in 10:08.0. The course this year is basically the same as for Saturday's meet and the course that Banks placed fifth on one year ago.

Also placing for the

Wildcats were Matt Connelly, 13th in 10:33; Jerry Close, 16th in 10:48; Robert Purnell, 20th in 11:05; and Jay Chase, 26th in 11:32.

Coach McNeill's Varsity team for the district meet will consist of Banks, Rick Parker, Connelly, Close, Greg Smith, Purnell and Chase.

In Junior Varsity results from Saturday, Smith was 9th in 11:13, Ron Brooks was 19th in 11:35, Phil Ozanne finished 32nd in 12:34, Mark Phelan was 37th in 12:54 and Wayne Rusk of Vines was 30th in 12:24.0.

boys division while Graves placed second. The girls were led by Cathy Starnater, who finished first for Williams and Dorothy Penrose of Vines finished second.

Jim Grace and Chris White finished third and fourth respectively in the 100-yard free style and Horner of Vines finished third in the girls division. Right behind Horner was Williams' Beth Watson.

Cowboys Sputter As Cards Win, 24-17

St. Louis Hands Dallas First Defeat

By MIKE RABUN
UPI Sports Writer
IRVING, Texas (UPI) — One of the nastiest, bitterest, cussingest feuds in the National Football League has been fought to a draw in 1977 and if it happens that

the St. Louis Cardinals and Dallas Cowboys meet again in the playoffs there may not be enough liniment and bandages around to deal with the situation.

But another slugfest between these two clubs is only speculation. What is fact at the present is that the St. Louis Cardinals are the hottest team in the NFC and it is also fact that the Dallas Cowboys are in their patented mid-season slump.

St. Louis pulled off its biggest win of the season Monday night, coming from behind in the final quarter to whip the previously unbeaten Cowboys, 24-17.

mouthed it was the Cardinals who got to talk most at the end, winning for the first time in Texas Stadium (it was opened in 1971), closing to within two games of Dallas in the NFC East and moving into good position for at least a Wild Card playoff spot. It was St. Louis' fifth win in a row.

"I've never been happier about a win than I was tonight," said St. Louis Coach Don Coryell. "Our players responded to what we asked of them. You can't ask for more than that."

And over on the losing side, Dallas Coach Tom Landry allowed a little more acid slip into his voice than is normal.

He was mad because his team had a chance to put the game away early in the third quarter and didn't.

"When you give a team breathing room in this league you are going to get burned," said Landry. "We are going to have to get as hungry as the other teams if we are to win the Super Bowl."

With Dallas leading, 14-3,

Louis' go-ahead touchdown. Dallas, although it did not dominate the first half, still led after two quarters on a 1-yard touchdown run by Tony Dorsett, set up by a fumble recovery, and a 2-yard scoring pass from Roger Staubach to DuPree. Jim Bakken had given St. Louis an early lead with a field

goal of 26 yards.

"I think it is obvious we have turned our season around," said Hart. "We had the best feeling we've ever had coming in here. The Cowboys were riding high and we had never won hereso we turned the negative points into positive points for us."

Ruth Delivered
CHICAGO (UPI) — Babe Ruth, then 38, was the batting hero of baseball's first All-Star game played at Chicago's Comiskey Park July 6, 1933, hitting a two-run homer in the third inning to provide the margin in a 4-2 victory for the American League.

"There was a lot of mouthing going on out there," said Cowboys' defense end Harvey Martin in a bit of an understatement.

During the last quarter and a half St. Louis: —Marched 95 yards with the aid of a 43-yard pass interference penalty to produce a touchdown on Wayne Morris' 1-yard run.

—Tied the score on a 49-yard throw-it-as-far-as-you-can pass from Hart to Mel Gray, who has caught a touchdown pass in each of his last eight games against Dallas.

—Went in front with 3:10 to play on a 3-yard pass from Hart to tight end Jackie Smith.
